## Farmers Markets

A farmers market is defined as a venue where multiple farmers come together to sell their products to the public. Dues for farmers markets as an entity are determined on a sliding scale based on the average total number of farmers and vendors that sell at the farmers market during peak season. The number should be determined from the previous year's farmer and vendor attendance.

First year markets and markets with less than nine farmers and vendors	\$75	_____
10 – 25 farmers and vendors	\$150	_____
26 – 75 farmers and vendors	\$250	_____
76 or more farmers and vendors	\$350	_____

**Farmers and vendors who sell at MIFMA member markets** \$30 \_\_\_\_\_
